OIL LIGHT BEATS ELECTRIC OR GAS BURNS 84% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, which is better than gas or electricity, has been tested by the U.S. Government and leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise, and is perfectly safe. Burns 84% per cent and 6 per cent common kerosene (coal-oil).

The inventor, B. A. Johnson, 600 W. Lake St., Chicago, Ill., is offering to send a lamp on 10 days' FREE trial or even to give one FREE to the first user in each locality, who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make $50 to $500 per month—Adv.

THE MISSION OF SACRED PICTURES

Adorn the walls of the home with holy pictures. What can be more beautiful than the Good Shepherd, the Sacred Heart, the Holy Family—teaching from the walls silent lessons that the children can never forget? It is a bit of pleasure to look upon but still more profitable when it is also a scene from the life of Christ. For instance, take the Good Samaritan—Christ in the wilderness, the bread of heaven, all these are among the sacred art pictures described in the Late St. Genevieve—Stratford, the stretch of land, the tranquil water, the tranquil reveries of the lover, all intent on the Word.

But what do we see most frequently?
